ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newb's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it seizes the vitality, causing itching scalp, falling hair, and finally baldness. With out dandruff hair must grow luxuriantly. It is the only destroyer of dandruff sold by leading druggists. Send the stamps for sample to The Herpicide Co., Detroit, Mich.
Two sizes—50 cents and \$1.

COFFEE—Steady; No. 7 Rio 7 3/4; No. 4 Santos 9 1/8.

Ogden Sunday Examiner \$2 year.

FIFTEEN CASES IN POLICE COURT

The police court grind was in record time yesterday, about fifteen cases being disposed of at the rate of about three a minute. The work was facilitated by most of the offenders pleading guilty.

James Smith was charged with disturbing the peace and, upon pleading guilty, was sentenced to pay a fine of \$5 or spend a like number of days in jail.

Arthur Liddlewald admitted that he had been begging about town. The judge emphasized his displeasure by giving the fellow ten days on the rock pile.

John Doe, Frank Rooker and Charles Remberg each pleaded guilty to drunkenness and were given the customary fine of \$5 or five days with the chain gang.

Charles Burritt, driver of Lon Hyde's automobile, was arraigned on the charge of driving on the wrong side of the street. The defendant was not present and his bail of \$10 was declared forfeited. Shortly after the close of court the defendant and his employer appeared and stated that they had been informed that court was hardly ever convened on time and that \$10.30 would be early enough. Chief Browning took the matter in hand and secured a reopening of the case.

Jack Ryan and William Lower were charged with begging. They entered pleas of guilty in each case and were sentenced to ten days on the rock pile.

John Grace, Dave Rogers and A. C. Griffin were charged with vagrancy and pleaded guilty, receiving ten days each on the rock pile.

Joseph Quinn was also charged with vagrancy and, after hearing the "explanation" offered by the prisoner, and recalling the fact that the chain-gang had been very substantially recruited by the morning grind, the court decided to suspend a thirty-day sentence and give the man a chance to leave town.

MAKING RICH PUFF PASTRY.

Time and Work Required, But the Result Built With Ease.
As this is rich, there will be no need to grease the patty tins. Ingredients: One pound of Vienna flour, one pound of butter, one teaspoonful of salt, cold water.

Dry the flour in a very cool oven for about five minutes, taking care that it does not color.

Then sieve it and the salt into a basin and mix it to a dough with cold water. It should be of the same consistency as the butter you intend using. Knead it well until it is quite smooth and velvety.

Then turn it on to a floured board and roll it out in an oblong shape about a quarter of an inch thick. Keep the edges as neat as possible.

Roll the butter in a clean cloth and press out all the moisture. Make it into a neat pat and place it in the middle of the dough, fold one side over the butter and the other side over that, so that the dough is folded in three.

Press the edges well together with a rolling pin, turn the side which has no edge to your right hand, and remember to do this each time, for this pastry must always be rolled the same way, otherwise it will not rise evenly. Now roll the pastry out again, taking care that the butter does not break through the pastry.

Fold it again in three, press the edges together, and proceed to roll it a second time. Repeat this rolling and folding seven times.

JUMPED AT NATURE'S BIDDING.

Would-be Suicide Not Completely Nerved for Final Parting.
With a groan of despair he made up his mind to die.

Ruined financially, and with not a particle of hope for getting on his feet again, he realized that the only chance for his family excepting pauperism and its attendant misery was to obtain immediate use of his heavy life insurance.

Furthermore, if he lingered on he would be unable to pay the premiums on his policies, which unfortunately were not old enough to carry themselves, so that they would forthwith lapse.

Death, therefore, was the only solution to the problem. It was a decision the bitterness of which can only be understood by those forced by circumstances to confront it.

He put on his hat and overcoat and, leaning on his tottering countenance, sought to get at the root of the hair, where it seizes the vitality, causing itching scalp, falling hair, and finally baldness. With out dandruff hair must grow luxuriantly. It is the only destroyer of dandruff sold by leading druggists. Send the stamps for sample to The Herpicide Co., Detroit, Mich.
Two sizes—50 cents and \$1.

As he stepped from the curb to cross the street an automobile, driven by a reckless joy-riding chauffeur, came tearing around the corner at terrifying speed.

The energetic leap which would have the suicide made back to the sidewalk out of harm's way was a failure.

Mock Chicken Patties.

A delicious luncheon dish may be prepared from left over stewed chicken and cold biscuits. With a sharp knife cut a round hole down through the top of each biscuit removing a portion of the interior and trimming the inner bread away from the top just removed, so as to form a lid. Mince the cold chicken fine, add a little chopped parsley and cover with the gravy. Place a tablespoonful of the mixture in each biscuit, cover with the lid and put in baking pan. When all are prepared in this way sprinkle with a little cold water and place in a hot oven until heated throughout. The biscuits will taste as fresh and good as if just baked and with the chicken stuffing are a toothsome dainty.

FIREMEN ASK FOR AN INCREASE IN WAGES

Superintendent E. C. Manson and other officials of the Salt Lake division are devoting a good deal of time at present to conferences with representatives of the Brotherhood of Locomotive Firemen regarding changes in pay schedules asked for by firemen on the Salt Lake division. It is understood these demands are occasioned by heavy freight trains on districts between Ogden and Sparks, but no details are given out at present as to the exact nature of the schedules asked for by the muscular boys who shovel coal and make steam and motive power to successfully handle trains of from fifty to eighty ninety and even one hundred freight cars.

Following a state law enacted in Nevada last winter, a third brakeman is added to all freight crews where more than fifty cars comprise one train, but no provision was made by the Sagebrush solons for extra men with the engine crews on these ponderously heavy trains. As a result, there is a vigorous protest from the firemen who are compelled to "throw" more fuel than ever before, with no increase in the mileage pay.

The conference is being held in Salt Lake and has been on for the past week or ten days with a prospect of an early adjustment of the trouble.

TOOK UMBRAGE AT ASPERSION.

Citizens Resented Being Voted for as Town's "Meanest Man."

Old Scrooge might be a philanthropist Carnegie alongside certain tight-wads in Mount Vernon, but William Friedberg has no license to determine publicly who are the men who would squeeze a dollar until the eagle yells: "Help! I'm melting!" For conducting a voting contest to determine the meanest man in Mount Vernon Friedberg, who keeps a cigar store there, was fined five dollars by Judge Platt here. A warning went with the fine.

Friedberg lives in Astoria, but does business in Mount Vernon. He placed in the Astorian a placard "Come in and vote for the meanest man in Mount Vernon!" This was followed by a list of names. Conspicuous in the list were the mayor and chief of police. Then came many solid and staid citizens. After every name was a number signifying the votes the owner of the name had received so far.

Great was the wrath of the so-called "meanest men." Friedberg was ordered to take the sign out of the window, but he refused to do so. His indictment for libel followed. In court he pleaded guilty, but asserted he did not know he was violating any law.—White Plains Cos. New York Sun.

MAIN THING IS GOOD TEMPER.

True Secret of Happiness in Love and in All Human Intercourse.

There always has been and doubtless will be much discussion as to what qualities are most to be desired in a husband and wife. From time to time symposiums on the subject have been held by popular family magazines, in which hundreds of votes have been pretty evenly divided between the various virtues of mankind, domestic and heroic, not forgetting the practical desideratum of a comfortable bank account. For even romantic Tom Moore has told us that:

Lips, though blooming must be fed, And not even Love can live on flowers. But of all qualities which are conducive to happiness, not only in the close companionship of married life, but in human intercourse in general, there are few to equal—none to surpass—the homely one of good temper, which has been well called the parent of the virtues, since it is the foundation of peace and kind feeling for one's fellow man.

There is nothing which so much makes for the misery not only of its possessor, but of all who are so unfortunately as to be intimately associated with him or with her, as an ungoverned and unreasonable temper.

No one on earth, excepting perhaps an ill-tempered woman, is so difficult to live with as a really ill-tempered man; and the worst of an evil temper is that, being indulged, it grows worse as its possessor grows older.

Ill-tempered people not only poison their own lives, but also those of all who are obliged to share those lives. One can never tell when a tempest of temper may descend like a bolt from the blue, and life under such conditions often becomes almost unbearable.

Unfortunately people who are in love usually for the time being are liable to common sense and reason. It was not without good cause that the ancient Greeks painted Cupid blindfolded. The portrait would have been truer to life had they instead given him rose-colored spectacles. Lovers, in the first ecstasy of passion, usually lose sight of everything excepting each other, whom they behold in a halo of rosy light that wholly obscures all defects.

An Effective Remedy.

A Boston physician, in a paper he recently read before a congress of medical men, told how Dr. S. Weir Mitchell accomplished a marvelous cure by means of a treatment on psychotherapy. To Dr. Mitchell there had come a young lady afflicted with hysteria. Being much occupied at the moment, he said to her: "You can cure yourself. Just let me give you this book on the subject; you will find the directions in it really admirable." The young lady departed, and after a fortnight Dr. Mitchell received a letter from her, saying, in effect: "That book is a prize. The other day I had an attack of the old sort—laughing and crying together—and the trouble was brought to an end in two minutes simply by the use of the book. Mamma spanked me with it."

And Be a Good Listener.

Who would succeed in the world should be wise in the use of his pronouns. Utter the You 20 times, where you once utter the I—John Hay.

NOTICE OF INTENTION.

Notice is hereby given by the city council of Ogden City, Utah, of the intention of such council to make the following improvements, to wit:

To create Washington avenue from Thirtieth street to Thirty-sixth street; Ogden avenue from Thirtieth street to Thirty-sixth street; Adams avenue from Thirtieth street to Thirty-sixth street; Thirtieth street, Thirtieth street from Washington avenue to Adams avenue, and the north side of Thirty-sixth street from Washington avenue to Adams avenue, as a sidewalk district, and to build in said districts concrete sidewalks in the manner following, to wit:

To build on said streets, as above mentioned, concrete sidewalks four inches thick and six feet in width. The estimated cost of said improvements is \$10,000.

The boundaries of the district to be benefited and affected by said improvements are lines drawn fifty feet outward from and parallel to the outer boundary lines of said streets for the whole length thereof, on Washington avenue from Thirtieth street to Thirty-sixth streets, on Ogden avenue from Thirtieth street to Thirty-sixth streets, on Adams avenue from Thirtieth street to Thirty-sixth streets, on Thirtieth street from Washington to Adams avenue, and on the north side of Thirty-sixth street from Washington to Adams avenue.

For the payment of the costs and expenses of making said improvements the city council intends to levy and collect special and local taxes upon the lots, blocks, parts of lots and blocks, lands and real estate lying and being within the boundaries of the said district to the extent of the benefits to said property by reason of said improvements.

The city council will, on Monday, the fifth day of July, 1909, at 8 o'clock p. m., in the city council chamber, city hall, Ogden, Utah, hear objections in writing from any and all persons interested in said local and special assessment.

Ordered by the city council June 7, 1909.

E. P. BROWN, City Recorder.
Per TILLIE HANCOCK, Deputy.

(First publication, June 13, 1909.)
(Last publication July 5, 1909.)

Roads to Wisdom.

There are three ways by which we can come to wisdom: First, by means of meditation; this is the noblest way. Second, by means of imitation; this is the easiest way, and third, by means of experience; this is the most difficult way.—Confucius.
